BULLETIN Co. (LTD.)

## Special Advertisements.

Situations vacant, Situations wanted, Found, Lost, Notices of Meetings, in solid form, at 10 cents a line for one insertion, and a cent a word for each word over 15.

EDMONTON BULLETIN, AUGUST 6th, 1900

## CANADIAN CASUALTIES.

A Cape Town despatch of July 29th, announces the deaths of W. Wood, and T. H. Ship, of the 2nd Battalion, Canadian Mounted Rifles. A despatch of July 31st, adds the names of J. E. Ball, of the same force, who died at Kroonstad on July 28th.

The serious illness of Malloy, of the 2nd Battalion Mounted Rifles at Johannesburg, is announced, and of W. Wilson, Canadian infantry at Cape Town.

T. H. Ship, who died on July 28th, was a native of Kent, England. As already mentioned W. Wood, was from Beaver Lake and J. E. Ball from East Edmonton.

## GRAIN MARKETS.

The circular of July 28th, issued by Campbell &amp; Co., of the Winnipeg Grain Exchange, has the following:

Not much change in markets this week; high point 76 3/4c, low point 74 1/4c.

Chicago, September, high point 1 hard 82c, low point 80c, store Fort William.

Price as follows to-day:

New York September, 82 1/2c.

Chicago, September, 75 1/4c.

Minneapolis, September, 74 1/2c.

Duluth, September, 79 1/8c.

One hard 80 cents, 2 hard 1 degree, 77 1/2c; 3 hard 74c; No. 1 frosted 66c to 68c; 2 frosted 58c to 60c, store Fort William.

Impossible to quote true value of low grades, so little demand at present.

Oats 36c to 38c track Winnipeg.

Barley 35c to 40c track Winnipeg.

Oat market Winnipeg overstocked;

big demand oats, country points equal 40c to 43 track Winnipeg.

Wheat harvesting this week in Manitoba, general about the 15th Aug. Expect new wheat, Manitoba, about the 20th. Grain is filling well. Estimated yield 8 to 9 bushels per acre Manitoba, 10 to 12, Territories; 30 to 35 Alberta. Estimated yield oats per acre Manitoba and Territories, 25 to 30 bushels; Alberta 65 to 80. Barley crop, Manitoba, Territories and Alberta, promises a fair yield. Hay crop in Manitoba, Territories, very light, in Alberta very heavy. The question of yield per acre will be pretty well settled when the threshers get to work in about three weeks. Wheat store Fort William, July 28th, 1,205,000 bushels. The high point of 1 hard since January was 94 1/4c, the low point 61 3/4c store Fort William. These were actual sales Grain Exchange here.

## FROM PEACE RIVER.

Messrs. A. Brick and Fred Brick, with the latter's wife and daughter, came in from Peace River Thursday with the winter's trade of fur. They were accompanied on the journey by W. G. Lubston, of Edmonton, and Alexander Mackenzie, for many years owner of a grist mill at Peace River Crossing. The mill was lately sold, the plant being purchased by Wm. Carson, formerly of the Sturgeon, who will operate it at the Peace River Crossing. There is plenty of grain grown in the vicinity—enough to give the mill active employment. The crops this year are exceptionally good, there having been plenty of rain. At Lesser Slave Lake the excessive rains have flooded everything out. The town of Willow Point is almost afloat. It is impossible to make hay in the vicinity of the settlement and settlers have to go 50 or 60 miles to get hay.

Rev. Holmes and party were met at Slave River. Guillaume Desjarlais was also met 35 miles from the Landing. W. F. Bredin and party were at the Landing, just starting up the river. Fur was very scarce in the north especially foxes and links. Small game will be very plentiful. Rabbits also are more numerous than formerly.

The Messrs. Brick and party return north shortly as soon as they have completed their business arrangements here.

The conservatives of Eastern Assiniboia held a convention recently and nominated R. S. Lake, M. L. A., Mr. Lake was absent in London, England, at the time. Previous to the convention he was asked by cable if he would accept a unanimous nomination as an independent conservative, and replied that he would. The nomination, however, was not unanimous, the other candidate being R. S. Park.

Walter Herbert, who recently confessed to being an accessory with Gerald Sifton in the murder of Joseph Sifton, has withdrawn his confession, and supports Gerald Sifton's story that the deceased was killed by falling boards which he was knocking off the side of a building.

## LIBERAL CONVENTION.

Alberta: A convention has been called by A. L. Sifton, president of the Alberta liberal association to be held in Calgary, on Wednesday, August 22nd for the purpose of nominating a candidate to contest Alberta at the approaching elections. The basis of representation will be 10 delegates for each local electoral district being the same basis as was used at the last convention and making in all 110 delegates. The local associations in all portions of the constituency have been communicated with and it has been left with them to appoint the delegates in the local constituencies and to take further steps to have same elected at open meetings of liberals, so as to secure a full representation from all parts of Alberta.

## TROOPER WOOD—CRITICALLY.

Trooper W. Wood, of the Mounted Rifles, whose death from fever at Pretoria, was reported last week, was a son of J. C. Wood, rancher of Beaver Lake, and formerly of Edmonton. Trooper Wood enlisted at Edmonton and was among the first to offer his services, and if necessary his life, to his country. His last letters to friends here, received three weeks ago, told of his life in Africa and of the satisfactory progress he was making as a soldier. The deceased was a young man not more than twenty-three years of age, a good horseman, vigorous, intelligent and accustomed to an outdoor life, the material which makes the best fighting men in the world. He was well-known in Edmonton, having resided here steadily for over a year, during the greater part of which time he was in the employ of the Hudson's Bay Co. as driver. His parents at one time resided in England, and his father and some other members of his family are now residing at Beaver Lake. To them is extended the sorrow and sympathy of all in the death of a son and brother who though it was not wished that he should die on the battlefield—gave his life for his Queen and country.

## VERMILION.

Sheridan Lawrence arrived from Vermilion on Monday. Mr. Lawrence is engaged extensively in agriculture and in the saw milling business at Vermilion. A year ago last winter he took in a steam thrasher and saw mill, freighting it overland 400 miles to Peace River Crossing, and 100 miles down the Peace to Vermilion. This season he has 150 acres under crop, 90 acres wheat, and the balance in vegetables and barley. The entire crop looked splendid at the time Mr. Lawrence left, on the 1st July. The prospects for a heavy yield were good—better than in any previous year. There had been plenty of rain, but not too much. The spring 100 had been unusually early. Last year Mr. Lawrence sowed 75,000 feet of lumber and 50,000 shingles. Last year he had 4-500 bushels of wheat, but owing to the excessive and continuous rains the crop did not get a chance to ripen until very late and was in consequence, somewhat frosted.

Before returning north Mr. Lawrence intends making a trip east.

Bishop Young and party were met at Peace River Crossing. They were on a tour of the missions down the Peace. Four of the Sisters of Charity en route to the mission at Vermilion were met near their destination.

Treaty Commissioner McLeod left Vermilion about the 27th June. All the lower Peace River Indians, including the Beavers and Slavey, took treaty this year.

The Peace river is higher this year than in any other year.

## CONFERRING CREEK.

The Methodist minister, the Rev. Mr. H. Nugent, who succeeds the Rev. Buchanan, paid us his first visit last Friday, to arrange for services. He will preach for the first time next Sunday week, Aug. 12th, at 11 o'clock, immediately after the Sunday school at the New Humble school.

Mr. Bennett has the order for the making of the seats for the school. Mr. Richmond erected the buildings last week.

Mr. Preesley, from Michigan, Centre, is with Mr. Lumy during haying.

Many of the farmers have started haying, but the weather as yet, is not very settled.

Mr. Fraser has ordered a threshing outfit instead of T. W. Fetherston.

L. Postell, of Strathcona, paid us a flying visit last week.

Roads are still in very poor condition. Rev. Brunelle, of the Baptist church, is spending a few days here.

Owing to summer work on the farm, the teacher of Fairfield school reports a great decrease in scholars since vacation especially.

Alex. Fetherston has returned to the Creek, after a short absence to Strathcona. He is now with Mr. Frank Clifford.

Aug. 2nd, '00.

The following settlers arrived on last night's train: D. Hawk, wife and 6 children, from South Dakota; R. McLean, wife and 5 children, Minn.; P. Ralabank, wife and 3 children, Washington; Marcel Abien wife and 2 children, Chile; Geoffrey Henkleman, wife and 5 children, Russia; Julius Rodea wife and 4 children, Russia; Albert Kalkes, Russia; Joseph Engel, wife and 1 child, Austria; John Lenick, wife and 4 children, Austria; Francis Lenick and wife, Austria.

## Farm Lands.

I am instructed by Messrs. Larue &amp; Picard, the well known Edmonton Merchants, to dispose of the following lands. These properties have been carefully selected and are among the best of the neighborhood in which they are situated:

(1) N. E. 1/4 Sec. 32, Tp. 54, Rg. 23, and S. 1/4 of N. E. 1/4 Sec. 4, Tp. 55, Rg. 23, west 4th; 240 acres at \$5.50 per acre. Ten miles from Edmonton.

(2) S. E. 1/4 Sec. 14 and S. 1/4 of S. W. 1/4 Sec. 14, Tp. 56, Rg. 23, west 4th. Three miles from Morinville Church. 240 acres at \$3.25 per acre.

(3) S. E. 1/4 Sec. 11, Tp. 53, Rg. 25, west 4th; three miles from Edmonton. 160 acres at \$6.50 per acre. A very desirable property.

(4) S. 1/4 Sec. 8, Tp. 56, Rg. 26, west 4th; three miles from Riviere Qui Barre. 320 acres at \$3.25 per acre.

(5) S. E. 1/4 Sec. 6, Tp. 56, Rg. 22, west 4th; six miles from Fort Saskatchewan. 160 acres at \$3.00 per acre.

(6) N. W. 1/4 Sec. 30, Tp. 56, Rg. 21, west 4th; ten miles from Fort Saskatchewan. 160 acres of hay land at \$2.50 per acre.

The terms on the sale prices of the above lands are very easy, and full particulars of each parcel may be had at my office or from Messrs. Larue &amp; Picard.

In addition to the above, I have to sell for the same parties a number of town properties at reasonable prices and on easy terms.

Also the Trading Post of the firm at Lesser Slave Lake, with buildings and improvements, stock of goods, cattle, horses, etc. An excellent opportunity.

T. A. STEPHEN,

Real Estate and Financial Agent  
Edmonton.

## CANADIAN NORTHERN BONDS.

The Canadian Northern Railway, otherwise Mackenzie & Mann, have issued the prospectus of their proposed bond issue. The total amount of the issue is \$1,191,500 first mortgage debentures bonds, on the Ontario division of the railway. The bonds are to bear 4-1/2 per cent. interest and run 30 years; \$700,000 (\$3,500,000) are offered in £100 bonds at \$90. Subscriptions were received by the Bank of Scotland in Great Britain and by the Bank of Commerce in Canada, from July 23rd to July 25th. The prospectus says:

The bonds are a first mortgage on the Ontario division of the Canadian Northern Railway (from Port Arthur to the point of crossing the Rainy River at the western boundary of the province of Ontario, 290 miles), and upon its terminals at Port Arthur, and will be a first mortgage upon 550,000 acres of the company's land grant, subject to first mortgage charges, created or to be created, not exceeding \$10,000 per mile on the various branches of the Ontario division of the railway, and on the Winnipeg and Saskatchewan divisions and the branches thereof, the bonds constitute a general charge on its whole undertaking from Port Arthur to the Saskatchewan river. The bonds are repayable on the 30th June, 1930, and the coupons are payable half-yearly, on 30th December and 30th June. Payment in either case will be made either at the Bank of Scotland, London, or at the fixed rate of \$4.80 to the \$ at the Canadian Bank of Commerce, Toronto, Canada, at holders' option.

The Canadian Northern Railway system connects the Great Lakes at Port Arthur, via Winnipeg, with the Great Saskatchewan river, at a point west of Cedar Lake.

Port Arthur, at the Canadian head of navigation on Lakes Superior, from which there is direct communication with the sea for ocean-going vessels, is a great distributing point via the great lakes for the products of Manitoba and the Northwest Territories. The object of the Canadian Northern Railway is to connect the fertile valley of the Great Saskatchewan river (navigable for many hundreds of miles) with Lake Superior, traversing the grain fields of Manitoba diagonally from the northwest to the southeast boundary of the province; the agricultural districts of Rainy lake and the celebrated "Iron Range" country of Ontario and Minnesota, which has proved and is proving a great source of wealth to the various American companies tapping it.

The main line is about 800 miles in length, exclusive of some 120 miles of branches. Of the main line 423 miles (including 36 miles of the Manitoba and Northwestern, over which the company has full running power for fifty years from October, 1896) are ready for traffic, and it is expected that 300 miles more will be ready for traffic during this year. The remainder will be completed by the 31st December, 1901, by which date the contractors have undertaken to have the whole line fully completed, equipped and open. The specifications of the government of Canada, subject to compliance with which the various subsidies have been granted, call for a very complete railway, with low maximum cuttings and grades, and ample general equipment and terminal facilities. The conditions the contractors have to comply with, and have complied on the portion of the road already opened, as is shown by the fact that these portions have been passed by the Dominion government.

The position of the railway renders it absolutely independent of any other railway, and it passes through rich country, which has almost all hitherto been without railway facilities.

The company has issued on its Winnipeg and Saskatchewan divisions 4 per cent. 30-year gold bonds, at the rate of \$8,000 per mile, which may be increased to \$10,000 per mile as above mentioned, which bonds are guaranteed principal and interest, by the government of Manitoba.

The present bonded indebtedness of the company, including the present issue, amounts to \$12,581, say \$2,575, per mile (of main line), and the interest thereon to \$539, say \$110.19, per annum per mile.

This low rate of fixed charges results largely from the liberal aid granted to the company towards construction by the parliaments of the Dominion of Canada, and of the provinces of Ontario and Manitoba.

Interest on the present issue of bonds is guaranteed by the well-known contractors, Messrs. Mackenzie, Mann & Co., of Toronto, Canada, during construction, and for one year after the line is opened for traffic.

## POLICE COMMISSIONER.

Major Perry, the new commissioner of the N. W. M. P., is a Canadian by birth and graduated at the Royal military college at Kingston. He was afterwards a lieutenant in the royal engineers of the imperial army. He was appointed an inspector in the N. W. M. P., in 1882, and promoted by Sir J. Macdonald to be superintendent in 1885. He served with distinction in the Northwest rebellion and was highly commended for the part he took when in command of a column under Gen. Strange. Major Perry was in command of the N. W. M. P., that visited England at the Diamond Jubilee and received many marks of royal favor. On his return to Canada he was sent to the Yukon to relieve Major Steele, and remained in command there until recently when he was recalled for promotion. While in Regina Major Perry studied law and is a full barrister for the Northwest Territories.

## MANITOBA CROP PROSPECTS.

Free Press Aug. 2nd: General Superintendent of the C. P. R., received a very encouraging crop report yesterday from agents along the lines in Manitoba and the Territories. The reports show continued improvement in all sections and in many parts of Manitoba, especially on the Souris section, wheat cutting will commence this week. Throughout the Territories indications are that the wheat will be cut about the 15th of this month. At Macdonald, on the M. & N. V. section, it is expected that harvesting will commence on August 5th. Westbourne, another station on this line, talks of great improvement in the quality of the wheat.

## A GOOD BAG.

The report that 5,000 Hoers had surrendered to Gen. Hunter, near Bethlehem, Orange Free State, on July 30th, like the report of the occupation of Pretoria, was somewhat premature, but only so. The Ficksburg command of 550 men and the Ladybrand command of 450 did surrender unconditionally on that day, as did Gen. Prinsloo and Commandant's Villiers and Cromwell, with 1,332 horses, 955 rifles, and a Krupp 9-pounder. Other commandos threatened to hold out and Olivier, with a large body of burghers and five guns broke away in the Harrismith district, but on Aug. 1st, Lord Roberts telegraphed that Hunter reported 1,200 more prisoners surrendering on July 31st with Commandants Rouse and Fontenel. Commandants Deploy, Potgieter and Combert surrendered to Bruce Hamilton with 1,200 rifles, 650 ponies and an Armstrong gun.

A correspondent with Gen. Hunter's force at Slap Kraus says: "The Winburg and Senekal commandos are now arriving, about 600 men. Gen. Roux has arrived and also the commandant of the Wepener commando. It will take days to get all in. There is a continuous stream of wagons for seven miles up the valley road. All the leaders have surrendered. The prisoners include the foreign artilleryists."

Lord Roberts says Hunter expects the prisoners will total 4,000.

## HOTEL ARRIVALS.

The London Daily Telegraph of Aug. 2nd on the authority of its Cape Town correspondent asserts to-day that documents of the highest importance emanating from England have been discovered in Pretoria, implicating members of the House of Commons and other prominent persons in England who have agitated in favor of the Boers. It says that startling developments may be expected shortly.

..FOR THE..

# Frost & Wood

## ..Binder..

Victory after victory is added to the fame of the great Frost & Wood No. 2 Binder. And why? Because the Frost & Wood No. 2 Binder is the lowest, most powerful, greatest capacity, the strongest, most durable, most comfortable and convenient Binder to operate ever made. The great value of the force-feed is fully recognized by every farmer who ever used a Frost & Wood No. 2 Binder or the old style of Binder. We have a wider elevator than any other Binder, hence no fear of choking. It also saves Twine as well as grain. Twine is money. Buy a Frost & Wood No. 2 Binder and you have the most up-to-date machine made in the world to-day.

The good features of our No. 3 Mower are shown by the very large sales we have had during the present season. We have sold 75 Mowers, and in order to meet the demand have had to send for another carload.

## LOCAL.

Slovel's directory for August is to hand.

Rev. D. G. McQueen went to Leduc on Saturday.

Mr. Hinde, of the Alberta Music Co., went south Saturday.

Miss Barker returned Friday from a vacation outing at Innisfail.

Seventeen Swedes from Washington got off at Wetaakwin from Tuesday's train.

J. S. Willmott, manager of the Merchants Bank, returned Friday from a vacation trip to Montana.

Two families got off at Lacombe on Thursday night, and one at Wetaakwin. Both came from Minnesota.

The machinery for the gold dredge "Otter" arrived last week and has been placed in position. The dredge starts work this week.

Mr. and Mrs. Vincent Smith left for their home at Goodfish lake Methodist mission, on Saturday. They went by flat boat to Saddle lake landing.

J. Haase and B. Baboski, German delegates from Wisconsin, were passengers on Thursday's train. They came to look over the country as the representatives of a large colony from their State.

G. S. Cotter left Saturday for the scene of the accident on the Athabasca river, where his partner, Burbank, lost his life. Mr. Cotter will re-lure the body in a deeper grave and bring the outfit and horses back.

W. F. Gouin, C. E., came in Friday from Battleford, having made the round trip, down the river in canoe, and thence home. Archie Cameron, who went down the river with him, returns by trail.

J. J. Bryan, principal of the Edmonton schools, returned from Regina on Friday's train, accompanied by Mrs. Bryan. As one of the board of examiners at Regina, Mr. Bryan participated in the recent slaughter of the innocents there.

J. Milner's garden, in the east end of town, is this year a forcible object lesson on Alberta's agricultural productivity. In the garden are pea vines over ten feet long, and onions—planted this spring—over 10 inches in circumference.

P. Umbach, in the employ of the Bellamy Co., returned from Stony Plain on Friday. He reports less damage by hail than at first reported. Crops are well advanced. Barley cutting will commence in the Rosenthal district this week and wheat cutting next week. This however is the earliest part of the Plain.

J. Walters has commenced the construction of a gold dredge for the Alberta Gold Dredging Syndicate, L. C. Coles, manager. The dredge is to be 28 1/2 ft. on deck. The deck will be supported by two screws 75 feet long lying parallel to each other. Part of the dredging machinery has arrived.

Chas. Hamelin was brought up Thursday on the information of the chief of police for assault with intent to do bodily harm on his infant child. He was sent down for two months. Hamelin is a brother of Francis Hamelin, who escaped from the guardroom at the Fort a short time ago, and is still at large.

Since Wednesday of last week the following parties have arrived at the immigration hall: A. Kermann, G. Wold, Nebraska; J. Seal, wife and 5 children, Manitoba; D. Hamel, wife and 4 children, Minnesota; L. Pfeiffer and son, Austria; W. Muller, wife and 7 children, Russia; W. Miller, Indiana; G. Duke, J. McBain, Oregon; W. M. Barrett, Toronto; J. Alexander, North Dakota; A. Unterscheer, Austria.

Rev. D. H. Lent, of White Whale lake Methodist mission, who was in town this week reports a number of settlers having taken land this season on the south side of the White Whale lake reserve, and also north of the reserve towards Lake St. Ann. The country is well adapted for settlement and is only about 40 miles in a direct line west of Edmonton. The 14th base line has been cut out so that in winter the journey can be made in that distance, but the summer trail is over twenty miles longer, winding through the strip of timbered hilly country lying west of the Stony Plain and east of White Whale lake.

The annual flower show under the auspices of the Ladies Aid Society of the Presbyterian church will be held in Robertson Hall on the evenings of Wednesday and Thursday, the 15th and 16th of August. This year in addition to the flowers being larger and better than ever there will be given each evening a new feature never before given in either Edmonton or Canada. This will be the natural opera "Canada," by 15 young folks in "Costume, Flower and Song," under the direction of Mr. A. Brille. The ladies are sparing no pains to make this flower show better than all of its predecessors.

Andrew Strang, of Winnipeg, arrived on Friday's train to visit his brother, C. F. Strang, of the hardware firm of Stovel & Strang, who is seriously indisposed. Mr. C. F. Strang will accompany his brother to Winnipeg on his return on Tuesday. Mr. Andrew Strang is one of the prominent old timers of Winnipeg, having been a partner in the wholesale grocery firm of Bannatyne & Strang, which flourished in the 70s and early 80s. He has been identified with and a leading spirit in all the movements that have tended to make Winnipeg the commercial centre of the Great Northwest. Mr. Strang visited Edmonton eight years ago.

## CORRECTION.

An error in the part of the prize list of the Strathcona summer fair appearing in last issue credited a number of prizes in thoroughbred poultry to Mrs. E. Girard, which should have been credited to R. W. Armstrong, of Edmonton. The error is corrected in the prize list of this issue. Mr. Armstrong's show of thoroughbred fowls of leading varieties, was a very attractive feature of the exhibition.

## BALLOON ASCENSION.

The balloon ascension on Wednesday afternoon from the Strathcona fair grounds was very successful and brought out strong expressions of approval from all who witnessed it. The balloon was inflated with hot air, rose rapidly almost straight up from its moorings. Prof. Thompson did a number of acrobatic feats on the trapeze, while the balloon was ascending. When a height had been reached at which he looked like a very small boy he made the descent safely with a parachute. When the balloon had been relieved of its weight it tilted to one side allowing the hot air to escape. Very soon the balloon reversed and as the hot air was forced out by the descent the balloon was soon emptied and came down just outside the fair grounds like a dish rag. The ascent which was to have taken place on Thursday afternoon had to be postponed on account of the weather.

## PEACE RIVER TREATY PAYMENTS.

J. A. Macrae, commissioner for the payment of treaty money in the Athabasca district, was at Peace River Crossing on June 14th, on his way down Peace river to Vermilion. He had completed the payments at Lesser Slave lake, Peace River Crossing and St. John. At the three first mentioned places all the Indians took their treaty money. An equal number declined to accept. Last year these Indians, Beavers, did not meet the treaty commissioners. This year they were involved in a dispute between each other as to the chiefs. This was the cause of one half the band not taking treaty. The Sicannica or Dog Ribs, from the Liard river, who generally trade at St. John, did not come in this season. The road made by the Northwest government last season from the Crossing of Peace river to St. John, was used by the commissioner and his party this year, and found to be very good.

## LACOMBE.

Rev. White and Mrs. White arrived home last week. While away they attended the general assembly of the Presbyterian church at Halifax.

G. Jamieson is in Ontario at present on business.

N. Burdick, son of J. Burdick, is at present attending the business college in London, Ontario.

A very important town meeting was held last week when it was decided to forbid cattle owners allowing them to come into town. Owing to mosquitoes they have been somewhat of a nuisance during the last few weeks.

It is now a decided affair that we are to have a resident lawyer here.

H. Trimble will be here for business in a few days. He has taken rooms over H. Howell's drug store.

The real estate is decidedly on the increase in value. Last year the school assessment was about \$100,000 while this year it has increased about \$40,000. The new school house will not be finished in time for school so that the old building will have to be used for a few weeks longer.

This week's issue of the Advertiser, our local paper, contains a Ponoka supplement.

July 30th, 1900.

## POPULAR LAKE.

A meeting of the ladies connected with the Sunday school here, was held in the school house on Thursday evening. They have decided to hold a picnic at the school house on Thursday, the 23rd instant. Tea will be served on the grounds at 25c for adults, and 10c for children. Proceeds in aid of the famine fund for India. Ice cream and lemonade, will be served.

The football team, who are to play at Sannyside to-night, are anxious to meet the Edmonton team, probably they will be able arrange a game for the 23rd.

August 4th, 1900.

—H. H. Phinney, assistant post office inspector, Winnipeg, is here on an official trip.

—A ladies shoe, found on the trail near Belmont school house awaits an applicant at this office.

—John Ross is expected in the last of the week with a band of horses from the Northwestern States.

—Rev. D. G. McQueen conducted anniversary services at the Presbyterian church, Leduc, yesterday morning.

—As a result of the recent rains part of the oat crop on new land is reported brown. The wheat stands up well. Club wheat is turning yellow, but red life is quite green yet.

—The gold dredge owned by an American company is at the bridge bound down stream to work the company's claim at Point Lepore. The dredge is the only one on the river worked on the suction principle.

—In the absence of the pastor who was conducting dedicatory services in a new church at Josephburg, Rev. W. W. Adamson preached in the Methodist church Sunday morning and Mr. A. T. Cushing in the evening.

—F. Meyerhofer recently installed in his Dry Works a steam extractor for drying clothes. The drier has a velocity of 2,400 revolutions per minute and in a half hour removes the water almost entirely from the garments placed within it.

—A large quantity of hay is being cut this year on the upland. The drought, in which the hay is a magnificent crop, are too full of water to permit of cutting, and almost the entire crop will be cut off this level, where the grass has grown to an unusual length.

—A party consisting of Mrs. W. H. Cooper, Mrs. W. S. Robertson, Miss G. Robertson, Miss Doty, and Messrs. C. Cooper and W. Purchase went to Cooking lake last week. Misses E. Ostrander, M. Matheson, E. Matheson, and B. Johnson and Messrs. A. Dohm and R. Robertson go out tomorrow.

## EVIDENCE OF ALBERTA'S PRODUCTIVENESS

A visit to the market gardens of D. Ross at this time affords splendid evidence of the productiveness of the soil and climate of North Alberta. Flowers in endless variety and countless numbers line the walks along a many bank sloping to the south, while the large flats below the hill are laid out in beds, drills and rows of vegetables of every kind. Besides the ordinary varieties such as onions, beets, carrots, turnips, cabbage, potatoes, lettuce, &c., all developed to an unusual degree for the season, Mr. Ross has plots of several products which are usually regarded as the inhabitants of a milder climate, and as either doubtful experiments or hopeless cases at this distance from the equator. The broad, deep green leaves of rows of tobacco plants are an unusual sight, while a plot of tomato plants with largely developed fruit and a row of pumpkin vines bearing pumpkins over a foot in diameter and some of which are now yellowing with maturity play sad havoc with the theory that these are too delicate plants for the rugged climate of Edmonton. Cucumbers several inches in length are growing thickly on the vines and from several long rows of very uniform quality Mr. Ross dug last week the first celery placed on the local market this season. Mr. Ross returned on Monday from Winnipeg where he has a splendid assortment of vegetables on exhibition during the fair. No prizes were awarded by the management, but the collection distanced easily all other vegetables at the exhibition. At the Strathcona summer fair last week Mr. Ross captured 27 first prizes out of 30 studies which he made, including prizes for collection of vegetables, bouquet of cut flowers and collection of flowering plants.

## MARKETS.

Pears, 15c per lb.  
Apples, 3 lbs., per 25c.  
Peaches, Cal., 20c per lb.  
Cherries, 75c per 5 lb. box.

Lard—5 lb. pails, 50c; 5 lb. pails, 75c; 10 lb. pails, \$1.25.

## A HARD TRIP.

Travel through the north country, especially in the vicinity of Lesser Slave lake, and beyond, has this year been of exceptional difficulty, owing to the swollen streams and flooded country, caused by the heavy and continual rains. In a letter to his friend E. Booth, here, Geo. Egnard, describes his trip to Lesser Slave lake, en route to the upper Peace, with Messrs. Grimison, Rioux and Picard. He says:

"We left the Landing on the 18th, Grimison and I, in small canoe with an Indian tracking us, Rioux and Picard in skiff with two Indian trackers. Our Indian gave out the second day, so we played Indian alternately with very good success as we led the van to the lake where we landed in half a gal. Here we laid over two days as the wind was increasing. Pushed off and made 35 miles, or Swin lake being unusually high we could not land so we went up Swan river two miles. Still no landing. Came back down and tried to cross, but too rough. We finally anchored to drifting log and spent quite an unpleasant night pitching about. In the early morning we struck out again for Swan river. Hauled the boats as far as we could shore then waded about a mile through the water, grass and mosquitoes to our knees and struck camp. There we remained a day and night, without blankets, under the pines, but with a big fire—quite comfortably. Next a.m. we concluded to cross the lake, but the Indians refused to go, too rough, so paid them off and pushed out. We succeeded after 7 hours hard fighting in landing at the priest's fishing station, where the wind and sea increasing, we again lay over a day and night. As there was no let up we again pushed off and made 30 miles in 3 days, or ten miles from the river, where I came to grief on a rocky shore, and finally landed the outfit minus axes, frying pan, buckets, knives, forks, and everything that had not buoyancy enough to take care of itself. Just 10 miles from the post Grimison and Charley Roberts, whom we hired to go with us, passed me and went to the next point where they took a turn and came ashore bottom up, minus blankets, and a few other things not yet invented. They righted her up and from there had a fair wind in and arrived at 7 p.m. We start tomorrow, July 26th, for Peace river with wagons. Have concluded to go up the Peace in a canoe as everything in this country is afloat, —raining day and night. Its all swim here—can't get from here to H. B. Co's store on the old road as it is all under water. Wharves all gone and water still rising. I think the houses at Willow Point will be things of the past by fall."

## LEAVING EXAMINATIONS.

The following are the successful candidates in the public school leaving examinations recently concluded at Regina:

Eva Beard, Myrtle Pessant, Mary Jelly, Mabel Scott, Geo. Wilson, Hilary Agnew, Mabel Campbell, Winnie Congdon, Ida Donnan, Olive Davidson, Minnie Goodfellow, Mable Kidd, Maude McDonald, Roy Moore, Percy Gillmor, Alexander Atchison, Edgar Brown, Percy Bulvey, Ella Hixcox, Ethel Kennedy, Mable Martin, Jas.
